Re: Proposed Motocross Race Track in Cental, UT

To Whom It May Concern:

As part of the routine of our proposed race track, we would like to inform you that at every practice race there will be adequate of the following: porta-potties, parking, trash sites, flaggers, and medics available for service. At each race there will also be adequate of the following: porta-potties, parking, trash sites, flaggers, and at least one or two ambulances for emergency care.

We are prepared to prevent dust hazards by watering the county roads into the race track and watering the track itself. If our races accumulate to a high number of racers and spectators, we will have police attend to regulate traffic and ensure safety. The actual motocross track will be fenced to prevent spectators from accessing the track and/or causing harm to themselves or riders. If you feel there are any other issues to be brought up at the time, please give us a call at the numbers listed below, or email at [tigerhound50@gmail.com](mailto:tigerhound50@gmail.com). Thank You.

Sincerely,

Saucer Five Ranch
